

# Reproducing Song Words

OHP, Projection Software & Song Sheets

**CCLI**

*encouraging the spirit of worship*

## Do you reproduce song words for use in worship services?

If so, you must first ensure that you have obtained permission.

However, the prospect of contacting copyright owners each and every time you wish to reproduce one of their songs can be daunting.

It was for this reason that CCLI introduced the Church Copyright Licence (CCL), ensuring that copyright owners are properly rewarded for the use of their work and giving churches the freedom to use songs without the hassle of having to contact many different copyright owners.

### With the CCL you can:

- Type song words into your computer and store\* them for later use.
- Include song words on service sheets and handouts for your congregation.
- Create your own OHP acetates.
- Create your own song words database for use with projection software.
- Audio/video record music from your services for those unable to attend, or as a keepsake.

*\*Some publishers now provide song words on CD-Roms. Please refer to the additional information they provide since you may need a CCL to store them on your computer.*

Over 22,000 churches in the UK now hold a CCL, making it one of the most widely used worship resources today.

### Publishers

The number of publishers covered by this licence increases continually. Visit [www.ccli.co.uk](http://www.ccli.co.uk) for an up-to-date list.

### Photocopying?

### Looking for Ideas?

Having a copyright licence can open the door to new opportunities for your church. Visit [www.ccli.co.uk](http://www.ccli.co.uk) and find out how to take full advantage of your licence(s).

### Licence Fees

Licence fees are based on the average number of people attending your main service. If you already hold a licence from CCLI, any additional licences you purchase will be charged a pro-rated fee in order to match the expiry date of your existing licence(s). Contact a member of our Sales Team on **01323 436103** for pricing information.

### SongSelect®

SongSelect® is an online resource that allows you to search and download the words of thousands of songs, sound samples and lead sheets (melody lines) direct from CCLI's database. You can then use Music player to hear each song in the key and tempo of your choice.
